TABLE OF CONTENTS — FORM STEPS

- 1. Step 0 — Profile Photo
- 2. Step 1 — Personal Details
- 3. Step 2 — Secondary School (Grade 10)
- 4. Step 3 — Higher Secondary (Grade 12)
- 5. Step 4 — Higher Education
- 6. Step 5 — Extracurricular Activities
- 7. Step 6 — Job Preferences
- 8. Step 7 — Sector Preferences
- 9. Step 8 — Career & Personal Development Goals
- 10. Step 9 — Work Experience
- 11. Step 10 — Projects
- 12. Step 11 — Certificates

Legend: Required * = mandatory field | Optional = not required | Dropdown / Select = predefined options |
Sections marked "Not Applicable" can be skipped entirely using a checkbox.

0

Profile Photo

The first step of the registration form. The student must upload a professional profile photo before proceeding.

Step 0 of 11

All fields Required

FIELD	INPUT TYPE	REQUIRED	NOTES
profilePhoto	File Upload (Image)	Yes	Uploaded via Cloudinary. Max 5 MB. Professional photo required. Stored as URL.

1

Personal Details

Core personal and academic profile information. Some fields are pre-filled from sign-up and locked for editing.

Step 1 of 11

Mixed Required / Optional

FIELD	INPUT TYPE	REQUIRED	DROPDOWN OPTIONS / NOTES
fullName	Text Input	Optional *	Pre-filled from sign-up; field is disabled (read-only) if pre-filled.
nickname	Text Input	Yes	Display name / preferred nickname.
dob	Date Picker	Yes	Must be ≥ 16 years old. Cannot be a future date.
gender	Dropdown (Select)	Yes	male female other
yearOfStudy	Dropdown (Select)	Yes	2010 - 2039 Year range: 2010 to 2039. Cannot be a future year.
yearOfPassing	Dropdown (Select)	Yes	2010 - 2039 Must be greater than yearOfStudy.
mobileNumber	Text Input	Optional	Pre-filled from sign-up if available; disabled if pre-filled.
email	Text Input	Yes	Always pre-filled from sign-up. Permanently disabled (read-only).
institution	Text Input	Optional	Pre-filled from selected institution; disabled if pre-filled.
educationLevel	Dropdown (Select)	Yes	Labelled "Choose ur domain". Populated dynamically from Career Intelligence API (/career-intelligence/excel-data). Fallback static options: Information Technology & Digital Services Artificial Intelligence & Data Science Renewable Energy & Clean Technology Healthcare & Digital Health Pharmaceuticals & Biotechnology Financial Technology (FinTech) E-commerce & Digital Retail Professional & Consulting Services Manufacturing & Advanced Manufacturing Logistics, Supply Chain & E-Mobility Cybersecurity & Information Security EdTech & Online Learning Media, Gaming & Digital Content AgriTech & Food Technology Sustainability, ESG & Environmental Services Other If "Other" is selected, an additional free-text input appears: "Specify your domain".
department	Text Input	Yes	Pre-filled from college admin assignment; disabled if pre-filled. Must not be empty.

2 Secondary School Level (Grade 10)

10th standard academic details. All fields are mandatory including a marksheet upload.

Step 2 of 11

All fields Required

FIELD	INPUT TYPE	REQUIRED	NOTES
tenthDetails.schoolName	Text Input	Yes	Full school name. Spans full width of the form.
tenthDetails.yearOfPassing	Dropdown (Select)	Yes	2010 - 2039
tenthDetails.percentage	Number Input	Yes	Percentage or CGPA. Must be between 0 and 100.
tenthDetails.marksheet	File Upload	Yes	Scan of original marksheet. Uploaded via Cloudinary. Stored as URL.

3 Higher Secondary Level (Grade 12)

12th standard academic details. Includes stream/group selection and marksheet upload.

Step 3 of 11

All fields Required

FIELD	INPUT TYPE	REQUIRED	DROPDOWN OPTIONS / NOTES
twelfthDetails.schoolName	Text Input	Yes	School or College name. Spans full width.
twelfthDetails.stream	Dropdown (Select)	Yes	Labelled "Group": Science Commerce Arts Others If "Others" is selected, an additional free-text input appears: "Specify your group".
twelfthDetails.yearOfPassing	Dropdown (Select)	Yes	2010 - 2039
twelfthDetails.percentage	Number Input	Yes	Percentage or CGPA. Must be between 0 and 100.
twelfthDetails.marksheet	File Upload	Yes	Scan of original marksheet. Uploaded via Cloudinary. Stored as URL.

4 Higher Education

UG / PG / Doctorate level qualification details. Multiple degree entries can be added. Each entry is an object in the higherEducation array.

Step 4 of 11

All fields Required per entry

Repeatable

Note: Minimum 1 entry required. Additional entries can be added with "+ Add Degree". Each entry is stored as an object in the higherEducation[] array.

FIELD	INPUT TYPE	REQUIRED	DROPDOWN OPTIONS / NOTES
qualificationLevel	Dropdown (Select)	Yes	UG DiplomaPG DiplomaUGPGMPhilPhD Post-Doctoral Full labels shown in form: "Undergraduate Diploma (UG Diploma)", "Postgraduate Diploma (PG Diploma)", "Undergraduate Degree (UG)", "Postgraduate Degree (PG)", "MPhil (Master of Philosophy)", "Doctoral Degree (PhD / Doctorate)", "Post-Doctoral Level".
degree	Text Input	Yes	Academic qualification name. Placeholder: "e.g. B.E, B.Sc, BBA, BA, BCA, B.Com".
specialization	Text Input	Optional	Specialization or major subject (e.g., "Computer Science").
institutionName	Text Input	Yes	Name of the college or institution.
university	Text Input	Yes	Name of the affiliated university.
yearOfPassing	Dropdown (Select)	Yes	2010 – 2039
cgpaPercentage	Number Input	Yes	CGPA or Percentage. Must be between 0 and 100.
degreeStatus	Dropdown (Select)	Yes	pursuingcompleted
certificate	File Upload	Yes	Degree certificate or provisional certificate. Uploaded via Cloudinary. Stored as URL.

5 Significant Accomplishments & Extracurricular Activities

Sports, arts, volunteering, leadership or other extracurricular activities. This section can be marked as "Not Applicable" if the student has no activities to add.

Note: If "Not Applicable" is checked, the entire section is skipped and an empty array is saved. Otherwise, at least 1 entry is required. Each entry is stored as an object in the extracurricular[] array.

FIELD	INPUT TYPE	REQUIRED	DROPDOWN OPTIONS / NOTES
activityType	Dropdown (Select)	Yes	SportsArtsVolunteeringLeadership rolesOthers If "Others" is selected, an additional free-text input appears: "Specify Activity Type".
level	Dropdown (Select)	Yes	SchoolCollegeDistrictStateNationalInternational
achievements	Text Input	Yes	Short description of the achievement (e.g., "1st Place in State Level Chess").
description	Textarea	Yes	Detailed description of the activity and the student's involvement.

6

Job Preferences

The student's preferred job role, job type, location preferences, relocation willingness, and expected salary. Up to 4 preference entries can be added.

Step 6 of 11

All fields Required per entry

Repeatable (Max 4)

Note: Minimum 1 entry; maximum 4 entries. Each entry is stored as an object in the `jobPreferences[ ]` array. "Preferred Role" has an intelligent autocomplete powered by the Career Intelligence Excel data from the API.

FIELD	INPUT TYPE	REQUIRED	DROPDOWN OPTIONS / NOTES
<code>preferredRole</code>	Text Input + Autocomplete	Yes	Free-text with live role suggestions from the Career Intelligence API (filters from master roles list). Placeholder: "Search or enter your preferred role".
<code>jobType</code>	Dropdown (Select)	Yes	full-time part-time internship-full internship-part freelance remote Full labels: "Full-Time", "Part-Time", "Internship (Full-Time)", "Internship (Part-Time)", "Freelance / Gig Work", "Fully Remote / Distributed".
<code>preferredLocation1</code>	Text Input	Yes	Location Preference 1. Placeholder: "e.g. Remote".
<code>preferredLocation2</code>	Text Input	Optional	Location Preference 2. Placeholder: "e.g. Bangalore".
<code>preferredLocation3</code>	Text Input	Optional	Location Preference 3. Placeholder: "e.g. Mumbai".
<code>willingToRelocate</code>	Dropdown (Select)	Yes	yes no
<code>expectedSalary</code>	Dropdown (Select)	Yes	0-3 LPA 3-5 LPA 5-8 LPA 8-12 LPA 12-18 LPA 18-25 LPA 25-35 LPA 35-50 LPA 50+ LPA Negotiable

7

Sector Preferences

The student selects up to 3 preferred career sectors from a tag-chip multi-select interface. Options are dynamically loaded from the Career Intelligence API.

Step 7 of 11

Minimum 1 selection Required

FIELD	INPUT TYPE	REQUIRED	OPTIONS & NOTES
<code>sectorPreferences.preferredSectors</code>	Multi-select Tag (Max 3)	Yes (min 1)	Options loaded from API. Fallback static list: Information Technology & Digital Services Artificial Intelligence & Data Science Renewable Energy & Clean Technology Healthcare & Digital Health Pharmaceuticals & Biotechnology Financial Technology (FinTech) E-commerce & Digital Retail Professional & Consulting Services Manufacturing & Advanced Manufacturing Logistics, Supply Chain & E-Mobility Cybersecurity & Information Security EdTech & Online Learning Media, Gaming & Digital Content AgriTech & Food Technology Sustainability, ESG & Environmental Services Other Maximum 3 selections. If "Other" is selected, a free-text input appears: <i>"Specify Other Sector"</i> (e.g., "Aerospace, Robotics").
<code>sectorPreferences.secondarySectors</code>	Array	Optional	Secondary/fallback sectors. Not exposed in current UI — defaults to empty array.

8

Career & Personal Development Goals

This step collects two sets of goals: the student's Career Goals and Personal Development Goals. Each set has Short-term, Medium-term, and Long-term text entries.

Step 8 of 11

All 6 fields Required

Part A — Career Goals

FIELD	INPUT TYPE	REQUIRED	GUIDANCE / PLACEHOLDER
<code>careerGoals.shortTerm</code>	Textarea	Yes	Short-term Goal (0–1 year). "Goals that can be achieved in the near future and focus on building basic skills, habits, or immediate improvements." Placeholder: "e.g. Gain hands-on experience through projects or internships, and secure an entry-level role."
<code>careerGoals.mediumTerm</code>	Textarea	Yes	Medium-term Goal (1–5 years). "Goals planned for the next phase of growth that focus on strengthening abilities, gaining experience, and progressing toward bigger responsibilities." Placeholder: "e.g. Build advanced role-specific skills, take ownership of key work responsibilities..."
<code>careerGoals.longTerm</code>	Textarea	Yes	Long-term Goal (5+ years). "Goals set for the future that focus on overall direction, long-lasting impact, leadership, and sustained personal and professional growth." Placeholder: "e.g. Move into leadership or specialist roles, continuously reskill with new technologies..."

Part B — Personal Development Goals

FIELD	INPUT TYPE	REQUIRED	GUIDANCE / PLACEHOLDER
<code>personalDevelopmentGoals.shortTerm</code>	Textarea	Yes	Short term (0–1 year). Placeholder: "e.g. Improve spoken and written communication, manage time effectively, build self-confidence, and establish consistent daily routines."
<code>personalDevelopmentGoals.mediumTerm</code>	Textarea	Yes	Medium term (1–5 years). Placeholder: "e.g. Develop leadership presence, manage stress and feedback constructively, strengthen decision-making..."
<code>personalDevelopmentGoals.longTerm</code>	Textarea	Yes	Long term (5+ years). Placeholder: "e.g. Demonstrate strong emotional intelligence, ethical judgment, resilience, and maintain a lifelong habit of continuous learning."

9

Work Experience

Full-time, part-time, internship, freelance, or volunteering work history. Can be marked "Not Applicable" if no work experience exists.

Step 9 of 11

Optional Section (Not Applicable checkbox)

Repeatable

Note: If "Not Applicable" is checked, the section is skipped and an empty array is saved. Otherwise, all starred fields are required per entry. Each entry is stored as an object in the `workExperience[ ]` array. At least one document type must be selected and uploaded.

FIELD	INPUT TYPE	REQUIRED	DROPDOWN OPTIONS / NOTES
experienceType	Dropdown (Select)	Yes	full-time part-time internship freelance volunteering
organizationName	Text Input	Yes	Name of the company or organization. Placeholder: "e.g. Google, Startup Inc".
jobTitle	Text Input	Yes	Designation or role. Placeholder: "e.g. Software Engineer".
industry	Text Input	Yes	Industry or sector. Placeholder: "e.g. IT, Healthcare".
startDate	Date Picker	Yes	Start date of employment. Cannot be a future date.
endDate	Date Picker	Yes *	End date. Hidden if "Currently Working" checkbox is checked. Required if not currently working.
currentlyWorking	Checkbox	Optional	If checked, hides the End Date field. Stored as Boolean.
keyResponsibilities	Textarea	Yes	Primary duties and scope of work. Placeholder: "Outline your primary duties and the scope of your work in this role."
significantAccomplishments	Textarea	Yes	Major achievements during tenure. Placeholder: "Highlight major achievements, contributions, or impacts you made during your tenure."
documents (Document Type)	Checkbox Multi-select + File Upload	Yes (min 1)	Student must select at least one document type and upload its file. Available document types: offerLetter → Offer Letter appointmentLetter → Appointment Letter appreciationLetter → Appreciation Letter experienceLetter → Experience Letter Each selected document type generates a separate FileUpload input. Uploaded via Cloudinary. Stored as URL mapped to the document type key.

10 Projects

Academic or professional projects the student has worked on. Can be marked "Not Applicable".

Step 10 of 11

Optional Section (Not Applicable checkbox)

Repeatable

Note: If "Not Applicable" is checked, the section is skipped and an empty array is saved. Otherwise, all starred fields are required. Project URL must be a GitHub or Google Docs link if provided. Each entry is stored as an object in the projects[] array.

FIELD	INPUT TYPE	REQUIRED	DROPDOWN OPTIONS / NOTES
title	Text Input	Yes	Project title. Placeholder: "e.g. E-commerce Website".
doneIn	Dropdown (Select)	Yes	Labelled "Project developed in": InstitutionOrganizationOthers If "Institution" → shows "College / University Name" text input. If "Organization" → shows "Company / Organization Name" text input.
institution	Text Input	Yes *	Shown only if doneIn = "Institution". Placeholder: "e.g. Stanford University".
companyName	Text Input	Yes *	Shown only if doneIn = "Organization". Placeholder: "e.g. Acme Corp".
teamType	Dropdown (Select)	Yes	IndividualTeam
startDate	Date Picker	Yes	Project start date.
endDate	Date Picker	Yes *	End date. Hidden if "Currently Working" is checked.
currentlyWorking	Checkbox	Optional	Hides End Date field when checked. Stored as Boolean.
description	Textarea	Yes	Project description. Placeholder: "Describe your role and the technologies used..."
significantAchievements	Textarea	Yes	Key results and unique contributions. Placeholder: "Highlight key results, performance wins, or unique contributions..."
projectUrl	Text Input (URL)	Optional	Professional project link. Must be a GitHub or Google Docs URL if provided. Validated on submit. Placeholder: "e.g. github.com/username/repo or docs.google.com/..."

11

Certificates

Technical or professional certificates earned by the student. Can be marked "Not Applicable".

Step 11 of 11

Optional Section (Not Applicable checkbox)

Repeatable

Note: If "Not Applicable" is checked, the section is skipped and an empty array is saved. Otherwise, all starred fields per entry are required. Each entry is stored as an object in the `certificates[]` array.

FIELD	INPUT TYPE	REQUIRED	DROPDOWN OPTIONS / NOTES
title	Text Input	Yes	Certificate name or title. Placeholder: "e.g. AWS Certified Solutions Architect".
certificateFile	File Upload	Yes	Certificate document or image. Uploaded via Cloudinary. Stored as URL.
issuingOrg	Text Input	Yes	Name of the issuing organization. Placeholder: "e.g. Amazon Web Services, Coursera".
yearOfCompletion	Dropdown (Select)	Yes	2010 – 2039
verificationType	Dropdown (Select)	Yes	Labelled "Verification Mode": url → Link / URL qr → QR Code none → None If "url" is selected, an additional field appears: "Verification Link / URL" (required).
verificationUrl	Text Input (URL)	Yes *	Shown only when verificationType = "url". Placeholder: "https://...". Required when visible.

S

System-Managed Fields

Fields automatically set by the backend and not exposed in the user-facing form.

Auto-generated · Not editable by user

FIELD	TYPE	DEFAULT VALUE	DESCRIPTION
userId	ObjectId → users	Set on registration	Reference to the user's account in the users collection.
status	String (enum)	"pending"	Registration review status. Values: "pending", "approved", "rejected".
submissionDate	Date	Date.now()	Timestamp when the registration form was submitted.
currentSessionId	String / null	null	Active session token for single-session enforcement.
lastLogin	Date / null	null	Timestamp of most recent login.
previousLogin	Date / null	null	Timestamp of the previous login session.
streakData	Object	All defaults (0 / false / null)	Embedded streak tracking. Mirrors avatar streak fields. Auto-managed by streak logic.
createdAt	Date	Date.now()	Document creation timestamp.
updatedAt	Date	Date.now()	Last update timestamp.
__v	Number	0	Mongoose internal version key.
